Principal's Message

We are proud to present the Oxnard High School SARC Report, which provides valuable information about our school's instructional programs, academic achievement, classroom materials, school safety, facilities, and staff. Understanding our educational program, student achievement, and curriculum development can assist both our school and the community in ongoing program improvement. Oxnard High School has a rich history spanning over 100 years and we are looking forward to working with you to write the next chapter.

We are committed to continued excellence and we are dedicated to ensuring powerful teaching and learning environments exist with the goal of providing educational and social justice for all Yellow Jackets. Oxnard High School is focused on providing all students with the opportunity to achieve in an environment where our BUZZ Words for excellence are SAFE, CLEAN, KIND, LEARN. With these words guiding our efforts we are working hard to move from No Child Left Behind to the Common Core State Standards and Common Balanced Assessments. As we do this we are also working to provide a system where 21st Century Learning is a reality. To do this we are also incorporating Linked Learning into our academies and Blended Learning campus wide. Creating a learning environment where students can reach potential as well as have options for either college or career of choice upon graduation is the key to what we strive for at OHS.

Oxnard High School is proud of its rigorous academic programs, strong vocational programs, great athletic programs, and extensive extracurricular activities that actively engage all students and provide a well-rounded educational experience. Oxnard High School's focus is to create a college-going culture, encouraging every student to earn their diploma and be a-qualified. Staff and parents work together to create a learning environment that promotes academic and social development, teaches responsibility and pride, and models learning as a lifelong adventure by putting students first: everyday, in every school, and in every classroom.

Mission Statement

The Vision of Oxnard High School is that graduates should be empowered individuals who become life-long learners and productive members of their community. OHS graduates will have a strong foundation in each of the core subjects and be able to apply that learning to understanding and solving simple and complex tasks. Our mission is to allow for the concepts of educational and social justice to form the foundation of what we believe and this is at the root of everything OHS professionals should strive for. All staff members believe that each student should be afforded the very best opportunity to experience powerful teaching and learning. OHS students are to be given opportunities to achieve educational excellence, regardless of the student's status in society or educational standing during the course of their academic career. A safe and secure learning environment must be provided so as to promote a rigorous curriculum which enables our students to develop the necessary academic, technical, and work-related skills to ensure that all graduates will be prepared to pursue college or any career to which they aspire.

School Profile

Oxnard High School is located in the northwestern region of Oxnard and serves students in grades nine through twelve following a traditional calendar. At the beginning of the 2012-13 school year, 2833 students were enrolled, including 10% in special education, 40% qualifying for English Language Learner support, and 65% qualifying for free or reduced price lunch. Oxnard High School achieved a 2013 Academic Performance Index (API) score of 746.

Student Enrollment by Ethnicity / Grade Level 2012-13			
Ethnic Group	%	Grade Level	#
African-Amer.	2.60%	Grade 9	756
Amer. Indian or Alaskan Native	0.20%	Grade 10	742
Asian	1.70%	Grade 11	709
Filipino	2.90%	Grade 12	626
Hisp. or Latino	80.20%		
Pacific Islander	0.20%		
Caucasian	10.70%		
Multi-Racial	1.50%		
Total Enrollment			2,833

Student Achievement

Standardized State Assessments

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, ten, and eleven.

Student scores are reported as performance levels. Detailed information regarding the STAR program results for each grade and performance level, including percent of students not tested, can be found on CDE's Standardized Testing and Reporting Results website at <http://star.cde.ca.gov>. Program information regarding the STAR program can be found in the Explaining 2013 STAR Program Summary Results to the Public guide at <http://star.cde.ca.gov/star2013/aboutSTAR.aspx>.

STAR Results - All Students Percentage of Students Scoring at Proficient & Advanced Levels									
	Oxnard High School			District			California		
	10-11	11-12	12-13	10-11	11-12	12-13	10-11	11-12	12-13
Language Arts	43	48	50	45	48	49	54	56	55

Social Science	44	44	50	39	9	36	15	32

California High School Exit Exam

The California High School Exit Exam (CAHSEE) is a state-mandated test given to 10-12 grade students to measure student proficiency in math and language arts. The CAHSEE helps identify students who are not developing skills that are essential for life after high school and encourages schools to give these students the attention and resources needed to help them achieve these skills during their high school years.

Students must pass the language arts and math components of the examination to be eligible for a high school diploma. The test is initially given to students in the tenth grade. Students are given numerous chances to pass the test during their sophomore, junior, and senior years; 80% of Oxnard High School's tenth grade students who took the test passed the math portion of the exam and 82% passed the language arts portion. Proficiency scores from the test are used as a determination of Adequate Yearly Progress (AYP) as noted in the AYP section of this report.

California High School Exit Exam All Students Percentage of Students Scoring at Proficient & Advanced Levels									
	Oxnard High School			OUHSD			California		
	10-11	11-12	12-13	10-11	11-12	12-13	10-11	11-12	12-13
Language Arts	56	48	54	56	50	51	59	56	57
Math	56	53	56	53	53	54	56	58	60

Three levels of performance are set: *Advanced, Proficient, and Not Proficient*. A score of *Proficient* is different from the passing score for the graduation requirement. Students must achieve a scaled score of 350 on each portion to pass the exam. Students scoring above a scaled score of 380 qualify for placement in the *Proficient or above* category.

California High School Exit Exam Percentage of Students Scoring in Each Performance Level 2012-13						
	English			Math		
	Not Proficient	Proficient	Advanced	Not Proficient	Proficient	Advanced

Economically Disadvantaged	94	4	2	85	13	2
Migrant Educ.	55	23	22	51	32	17
Students with Disabilities	60	23	18	53	30	18
	91	8	2	83	14	3

Physical Fitness

In the spring of each year, Oxnard High School is required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart disclosed in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2012-13			
Grade Tested	Number of Standards Met:		
	Four of Six	Five of Six	Six of Six
Ninth	18.4%	20.6%	24.8%

Academic Performance Index

California uses the results of STAR testing to calculate the Academic Performance Index (API) which is used to measure school performance, set academic growth targets, and monitor progress over time. The API is a numeric index between 200-1000 that measures student performance in grades two through eleven. An API score of 800 is the state's designated performance target for all schools. Test results are weighted and a formula is applied to determine API.

Growth Targets: For schools with an API under 800, the state requires a gain of 5% of the difference between the school's actual API and 800. Growth Targets apply not only schoolwide, but to each numerically significant subgroup as well. Schools/subgroups that have achieved an API of 800 or above must maintain their scores.

Statewide Rank: All schools in California are categorized according to type (elementary, middle, high) and are placed on a scale of 1 to 10, with 10 being the highest.

Similar Schools Rank: School performance is also compared to other similar schools in the state, based on demographic characteristics, and ranked 1 to 10 within a grouping of 100 schools.

Academic Performance Index (API) Three Year Rank Comparison			
	2010	2011	2012
Statewide Rank	4	4	5
Similar Schools Rank	3	2	3

Adequate Yearly Progress

The Federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards-based assessment by the year 2014. Meeting Adequate Yearly Progress (AYP) milestones helps determine whether students are reaching proficiency level targets set by NCLB. AYP requires annual evaluation and reporting of the academic progress of all students and defined student subgroups.

For the 2012-13 AYP cycle, high schools must achieve a 88.9% or higher proficiency rate in English/Language Arts and 88.7% or higher proficiency rate in math on the California High School Exit Exam (grade 10 results only). Additional criteria contributing to whether or not a school demonstrates AYP include achieving a 95% or above participation rate on the CAHSEE, obtaining an API growth score of 770 or higher or increasing the API growth by 1 point, and obtaining a graduation rate of 90%.

More information on AYP can be found on the California Department of Education's (CDE) website www.cde.ca.gov/nclb/ and the U.S. Department of Education's website www.ed.gov/nclb/accountability/.

Adequate Yearly Progress (AYP) Results Reported by Indicator & Compared to District Performance 2012-13		
<i>Did the school and district meet or exceed 2013 AYP performance criteria in each of the areas listed below?</i>

<i>Participation Rate</i>		
Language Arts	Yes	Yes
Math	Yes	Yes
<i>Percent Proficient</i>		
Language Arts	No	No
Math	No	No
API Score	No	No
Graduation Rate	Yes	Yes

Reported data based upon performance of all subgroups for each of the areas listed

No Child Left Behind (NCLB)

The No Child Left Behind (NCLB) Act is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2012-13, Oxnard High School qualified for Schoolwide Title I funding and is subject to comply with Title I program participation requirements.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. California Adequate Yearly Progress calculations determine whether a Title I school has met performance goals. Schools not meeting specific AYP criteria enter Program Improvement, a monitoring system and curriculum enhancement program designed to help schools to increase student proficiency levels. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ac/ti/.

Title I Program Improvement (PI) Status

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through automated telephone messages, flyers, the school marquee, school newsletters, the school website, school site council, parent teacher student association, booster groups, blackboard connect, Twitter, and text messages. Contact the school office at (805) 278-2907 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Oxnard High School's original facilities were built in 1995 and ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Expanded woodshop room
- Installation of solar field
- Softball field dugouts and scoreboards (2013-2014)
- Addition of additional fencing for security (2013-2014)
- Addition of new golf carts for security staff (2013-2014)

Every morning before school begins, the custodians inspect the facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Five day custodians and ten evening custodians are assigned to Oxnard High School. The day custodians are responsible for:

- Groundskeeping
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Cafeteria cleanup
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

Oxnard High School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2012-13 school year, Oxnard High School did not qualify to receive deferred maintenance funds for campus repairs and/or improvements.

Facilities Inspection

The district's maintenance department inspects Oxnard High School on an annual basis in accordance with Education Code §17592.72(c)(1). Oxnard High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on April, 2013. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2012-13, all restrooms were fully functional and available for student use.

School Facility Good Repair Status Most Recent Inspection: 4/2013

(E)	Unit C1 Rm. 6 - water leaking from handle (control valve).
(H)	Unit B Rm. 103 - threshold missing from door.

Overall Summary of School Facility Good Repair Status			
Exemplary	Good	Fair	Poor
	☑		

Rating Description

Good: The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or result from minor wear and tear, and/or are in the process of being mitigated.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. The principal, assistant principals, campus supervisors, and resource officers patrol the campus, entrance areas, and designated common areas before school, during lunch, and during dismissal to monitor student activities and behavior.

Oxnard High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Oxnard High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in August 2013.

Classroom Environment

Discipline & Climate for Learning

Oxnard High School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Suspensions & Expulsions			
	OHS		
	10-11	11-12	12-13
Suspensions (#)	444	208	235
Suspensions (%)	14.81 %	7.00 %	8.30 %
Expulsions (#)	29	9	21
Expulsions (%)	0.97 %	0.30 %	0.74 %
	OUHSD High Schools		
	10-11	11-12	12-13
Suspensions (#)	2610	2291	1840
Suspensions (%)	15.65 %	14.36 %	11.56 %
Expulsions (#)	112	91	103
Expulsions (%)	0.67 %	0.57 %	0.65 %

This table illustrates the total cases (not number of days) of suspensions and expulsions, and includes students with multiple instances of suspension. For example, a student suspended in one month for 2 days and then suspended a month later for three days is counted as two cases of suspension.

Teaching Load

The Teaching Load Distribution table in this report illustrates the distribution of class sizes by subject area, the average class size, and the number of classes that contain 1-20 students, 21-32 students, and 33 or more students. Calculations exclude classrooms of 50 or more students.

Teaching Load Distribution Departmentalized Instruction

Social Science	30.0	16	19	53

Dropouts

Oxnard High School's teachers and administrative staff practice the early identification of and intervention on behalf of students who exhibit warning signs and/or behavioral traits that may lead to dropping out of school. Intervention strategies used to promote attendance and reduce dropout rates include monitoring CAHSEE test results and performance, parent conferences, counseling, and 21st century response to intervention for freshman students. Understanding that the needs of each student are different, administrators, counselors, and teaching staff continue their efforts to discover successful solutions to help students complete their high school program.

In the following Dropout & Graduation Rates table, 2011-12 data is the most current information available, since state certification/release dates for dropout data occur too late for inclusion in this report. Detailed information about dropout rates and graduation rates can be found at <http://dq.cde.ca.gov/dataquest/>.

Graduation & Dropout Rates

Graduation Requirements

Students must accumulate 230 course credits, pass the math portion of CAHSEE, pass the language arts portion of CAHSEE, earn a passing grade in Algebra 1, and earn a passing grade in Computer Literacy to receive a high school diploma from Oxnard High School. Alternative methods of acquiring a diploma are available through the Continuation School, Community college, Adult school, and Condor High School (independent study) for those students who have been unsuccessful in a high school environment or have exhausted their opportunities to remain at Oxnard High School. The following table illustrates the percentage of students graduating from Oxnard High School who have met both CAHSEE and district graduation requirements.

Percentage of Students Passing CAHSEE & Meeting District Graduation Requirements* 2011-12**

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Oxnard High School revolve around the California State Content Standards and Frameworks. During the 2012-13 school year, Oxnard High School held staff development training devoted to:

- Data Assessment
- Service of Subgroups
- Schoolwide Adoption of Dennis Parker Strategic Schooling Strategies
- Common Core State Standards
- EL Strategies
- Special Education Strategies
- Marzano Strategies
- Dennis Parker Strategies

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input, state assessment results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Oxnard High

School supports ongoing professional growth throughout the year on minimum days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2012-13 school year, Oxnard High School's teachers attended the following events hosted by the Oxnard Union High School District:

- EL Strategies Training
- Data Director Training
- CELDT Training
- Synergy Training
- Strategic Schooling; Dennis Parker
- New AP Biology Curriculum Training
- Preparing English Learners for the 21st Century Learning
- Increasing Academic Vocabulary in ESL Classes
- Internet Resources Training
- Shmoop Training

Oxnard High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Oxnard High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Wednesday, September 11, 2013, the Oxnard Union High School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution #13-31 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2013-14 school year, Oxnard Union High School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

College Preparation & Work Readiness

College Preparation Courses

Students are encouraged to take required courses if they plan on attending a four-year college or university. The adjacent table illustrates the proportion of courses taken and successfully completed in relation to the number of course enrollments (sum of total enrollment in all classes).

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admission requirements please visit the University of California Website at <http://www.universityofcalifornia.edu/admissions/general.html>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses, and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements, please visit the CSU Website at <http://www.calstate.edu/admission/>.

Students Enrolled in UC/CSU Courses 2011-12*

Advanced Placement

In 2012-13, Oxnard High School offered advanced placement courses for those students seeking to qualify for college credit. Sophomores, juniors, and seniors achieving a score of three, four, or five on the final AP exams qualify for college credit at most of the nation's colleges.

Advanced Placement Courses Offered & Student Participation 2012-13

Workforce Preparation

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. During their freshman year, students meet with the counselor to discuss their four-year academic plan and are introduced to Oxnard High School's technical and career education programs. The counselor meets at least once a year with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses. Oxnard High School offers the following programs that promote leadership, develop job-related skills, provide on-the-job experience, and increase interest in school:

- Work Experience
- Regional Occupational Programs
- Workability
- Career/Partnership Academies
- Career Pathways

Individual student assessment of work readiness skills takes place through:

- Completion of course-required projects
- Course grades (work experience)
- Career assessment surveys (freshmans and sophomores)
- Special education skills assessments
- Department of rehabilitation assessments

Work experience students are partnered with local community organizations and local employers that provide on-the-job training and mentoring for students 16 years of age or older. Work experience students receive guidance and supervision designed to ensure maximum educational benefit from part-time job placement. For more information, students should contact the counselor.

Regional Occupational Programs (ROP) are offered in partnership with the County Office of Education. A variety of career technical education courses are available to help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education.

Workability provides work experience opportunities outside the school day that meet the students' interests and aptitudes while providing real-world job experience prior to graduation. The program is available to all students with disabilities who have an Individualized Education Plan.

Oxnard High School's career/partnership academies are a "school within a school" program. Components include rigorous academics with a career focus, a team of teachers, and active business involvement. During the 2012-13 school year, Oxnard High School offered the following career academy programs:

- Green Technologies (GTech)
- Legal and Public Services (LAPS)
- Reserve Officers' Training Corps (ROTC)

Students enrolled in the career/partnership academies are enrolled in core classes where instructional content is more closely related to the student's chosen field of study. Core curriculum teachers and partnership academy teachers collaborate regularly to ensure three-year terms and coursework are in alignment with state standards and students' needs.

During the 2012-13 school year, Oxnard High School offered the following career technical education programs as elective courses:

- Information Technologies Pathways/Business Pathways
- Arts, Media, & Entertainment Pathways
- Building Trades & Construction Pathways
- Marketing, Sales, & Service Pathways
- Auto Shop
- Video & Film Production (on campus ROP)
- Photo Production & Technology
- Construction Technology (Wood Shop)
- Consumer Economics
- Fashion Textiles & Apparel
- Food & Nutrition
- Careers in Child Development
- Drafting Occupations
- Computer Operations/Science
- General Office Occupations
- Business Economics
- Food Science, Dietetics, & Nutrition
- Architectural Drafting
- ROP Auto Paint
- ROP Auto Body Repair
- ROP Computer B/Sft
- ROP Dental/Radiology
- ROP Floral Design
- ROP Fashion/Retail Md
- ROP Graphic Design
- ROP Medical/Office Assistant
- ROP Nursing 1
- ROP Production Tech
- ROP Screenprint
- ROP Welding
- ROP Video Film (P)

Oxnard High School receives funds from the Carl D. Perkins Vocational and Technical Education Act (Perkins). This grant enables Oxnard High School to provide its students with the academic and technical skills needed to succeed in a knowledge- and skills-based economy and helps provide programs that prepare students for both postsecondary education and the careers of their choice. CTE table in this report shows the total number of students participating in the district's CTE courses and regional occupational programs and program completion rates. For more information on career technical programs, ROP, workability, partnership academies, and work experience, contact the counselor or visit the state's career technical website at <http://www.cde.ca.gov/ci/ct/>.

Career Technical Education (CTE) Program Participation 2012-13	
Total number of students participating in CTE programs	537
Percentage of students completing CTE program and earning a high school diploma	95.4 %
Percentage of CTE courses sequenced or articulated between the school and institutions of postsecondary education	33.0 %

Professional Staff

Counseling & Support Staff

Oxnard High School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Oxnard High School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Counselors & Support Personnel (Nonteaching Professional Staff) 2012-13

* as needed

Counselor-to-Student Ratio: 1:472
FTE = Full-Time Equivalent

Teacher Assignment

During the 2012-13 school year, Oxnard High School had 112 teachers who met all credential requirements in accordance with state guidelines. The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "NCLB Compliant." Minimum qualifications include: possession of a bachelor's degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects. In the table below, which identifies the number of classrooms taught by NCLB-compliant and non-compliant teachers, high poverty schools are those schools in the highest quartile for student participation defined by the free and reduced price meal program. Low poverty schools are those schools that are in the lowest quartile of program participation.

Percentage of Core Classes 2012-13		
	Taught by NCLB-Compliant Teachers	Taught by non-NCLB-Compliant Teachers
Oxnard High School	99.1 %	0.9 %
District Totals		
All Schools	94.8 %	5.2 %

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2011-12 salary comparison data was the most recent data available at the time this report was published.)

Salary Comparison 2011-12		
	OHS	State Average of Districts in Same Category
	OUHSD	
Beginning Teacher Salary	\$43,120	\$42,865
Mid-Range Teacher Salary	\$77,403	\$69,484
Highest Teacher Salary	\$83,726	\$89,290
Superintendent Salary	\$196,000	\$202,664
Average Principal Salaries:		
High School	\$122,646	\$128,378
Percentage of General Fund Expenditures for:		
Teacher Salaries	36.00%	37.00%
Administrative Salaries	4.00%	5.00%

Expenditures Per Student

For the 2011-12 school year, Oxnard Union High School District spent an average of \$8,425 of total general funds to educate each student (based on 2011-12 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Oxnard Union High School District receives state and federal categorical funding for special programs. For the 2011-12 school year, the district received categorical, special education, and support programs funds for:

- Agricultural Vocational Incentive Grants
- Department of Rehabilitation
- Economic Impact Aid (EIA)
- Lottery: Instructional Materials
- Partnership Academies Program
- Special Education
- State Lottery
- Title I
- Title II
- Title III
- Title IV
- Tobacco-Use Prevention Education
- Transportation
- Vocational Programs
- Williams Case Settlement
- Education Jobs Fund
- Medi-Cal Billing Option

Disclosure

The statistical information disclosed in this report is obtained from the California Department of Education and the Oxnard Union High School District. At the time of publication, this report met all SARC-related state and federal requirements, using the most current data available. Data to prepare the instructional materials and school facilities sections were acquired in September 2013.
