

BOARD REPRESENTATIVES

The Governing Board recognizes that effective performance of its community leadership responsibilities may require its participation in district or community committees on matters of concern to the district and its students. As needed, the Governing Board may appoint any of its members to serve as its representatives on a district committee or on a committee of another public agency or organizations of which the Board or district is a member or to which the Board is invited to participate. Due to open meeting law requirements, a majority of the Board shall not be appointed to serve on the same committee.

When making such appointments, the Board shall clearly specify the authority and responsibilities of the representative(s), including, but not limited to, reporting back to the Board regarding committee activities and/or actions. Board representatives shall not exercise the authority of the Board without prior Board approval.

If a committee discusses a topic on which the board has taken a position, the board member shall express the position of the board. When contributing his/her ideas or opinions, the representative shall clearly indicate that he/she is expressing his/her individual ideas or opinions and not speaking on behalf of the board.
