ADMISSION OF FOREIGN STUDENTS

INTERNATIONAL EXCHANGE PROGRAM STUDENTS (J-1 VISAS)

The Governing Board recognizes that personal contact between students of different countries promotes global awareness and international understanding. Letters, computer links, visits and student exchange programs all can benefit students and the community at large.

The Board welcomes the enrollment of foreign exchange students participating in programs that meet criteria established by the United States Information Agency for teenager exchange visitor programs. The Board further encourages district students to take any opportunities they may have to participate in such programs and study in another country.

To ensure that district facilities will not be overcrowded, the Superintendent or designee may limit the number of foreign exchange students to be accepted at any district high school during any school year.

The district shall incur no financial obligations when sending or receiving foreign exchange students. Program sponsors shall provide assurance of their responsibility for health, accident and liability insurance, the student's home placement, and the resolution of any related personal difficulties which may arise.

The Superintendent or designee shall establish criteria for issuing diplomas pursuant to Board Policy 6146.1, Section VIII.

NON-INTERNATIONAL EXCHANGE PROGRAM STUDENTS (F-1 VISAS)

A student on an F-1 visa may attend school in grades 9 to 12 for one year provided that the full, unsubsidized per capital cost of attendance is collected prior to attendance.

The decision whether or not the foreign student will be admitted remains with the Governing Board.

ADULT EDUCATION STUDENTS (F-1 VISAS)

Federal immigration law prohibits foreign students from obtaining F-1 visas to attend publicly funded adult education students.
