

COMMUNITY DAY SCHOOL

The Board of Trustees recognizes the need to provide an appropriate alternative educational program for expelled students who are not permitted to attend a comprehensive high school in the district. In addition, the Juvenile Probation Department and school sites utilizing the Student Study Team process also need to provide appropriate alternative educational programs. The Oxnard Union High School District shall operate one or more Community Day Schools designed to meet the needs of the aforementioned students. The Community Day School shall be operated in accordance with all legal requirements related to enrollment, instructional time and facilities. The involuntary transfer procedure which is delineated in Board Policy 5144, Student Discipline, may be utilized should the student or parent object to the assignment of the student to Community Day School.

Community Day School is a structured component of a comprehensive effort to meet the needs of students who, for a variety of reasons, are at-risk students. In order to foster positive attitudes and academic progress, students enrolled in the Community Day School need substantial individual help with many of the problems they may be experiencing. Community Day School certificated and classified staff shall collaborate with counselors, psychologists, law enforcement, probation, and other human services agencies to better serve the students and their needs. To the extent possible, Community Day School programs shall provide a low student-teacher ratio. Students enrolled in the Community Day School shall be provided a comprehensive individualized learning plan that provides specific objectives the student must meet in order to return to the comprehensive school sites.
