Principal's Message

Thank you for taking the time to look at Adolfo Camarillo High School's Annual School Accountability Report Card. It contains valuable information regarding our population, programs, achievements, parental involvement, classroom environments and materials, college and workforce preparation, district expenditures, school safety, facilities, and staff. You will find that we provide a safe and positive college preparatory environment with opportunities for intervention and enrichment to meet students' needs. We take pride in our award-winning academic, vocational, athletic, music, leadership, service, and other co-curricular activities, engaging each student in a well-rounded educational experience. And we rely on all members of our community - staff, parents, and community partners - to work together to promote academic and social development, teach responsibility and pride, and model lifelong learning for continuous improvement.

Mission Statement

Adolfo Camarillo High School's mission is to provide safe, engaging, and supportive learning experiences that will inspire and prepare all students for success in college, career, and life.

School Vision

Adolfo Camarillo High School's vision is to inspire and prepare students for success in college, career, and life by providing college prep, honors, Advanced Placement, academy, and career technical education courses as well as a variety of co-curricular opportunities that incorporate the practices of critical thinking, creativity, collaboration, and communication. Students will attain a high level of academic and personal achievement as measured by state standards, common and individual teacher assessments, classroom observations, as well as student accomplishments beyond the classroom. Staff collaboration and engagement will model and contribute to student success on all levels. Intervention will be provided for students who experience challenges to working at their potential. Safety, tolerance, respect, and courtesy will be reinforced across the curriculum and campus to develop positive social and interpersonal skills students may carry into adulthood.

School Profile

Adolfo Camarillo High School is located in the southern region of Camarillo and serves students in grades nine through twelve following a traditional calendar. At the beginning of the 2016-17 school year, 2366 students were enrolled, including 11.7% in special education, 4.2% qualifying for English Language Learner support, and 32.2% qualifying for free or reduced price lunch.

Student Achievement

Physical Fitness

In the spring of each year, Adolfo Camarillo High School is required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart reported in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2016-17			
Grade Tested	Number of Standards Met:		
	Four of Six	Five of Six	Six of Six
Ninth	16.9	23.1	46.2

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Federal Intervention Program

The passage of the Every Student Succeeds Act (ESSA), reauthorizing the Elementary and Secondary Education Act (ESEA) in December 2015, is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance.

Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2016-17, Adolfo Camarillo High School did not participate in the Title I program and is therefore not required to comply with program mandates.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. Most of the new provisions under ESSA do not take effect until the 2017-18 school year making 2016-17 a transition year. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ac/ti/.

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in Teacher Assignment, including the Teacher Credentials & Misassignments chart; Instructional Materials, including the Textbooks chart; and School Facilities & Maintenance, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in Parent Involvement.

Pupil Achievement – State Priority 4: Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in California Assessment of Student Performance and Progress, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in Dropout Rates, including the Dropout chart; and Graduation Rates, including the Graduation Rate chart for high schools only.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in Discipline & Climate for Learning, including Suspension & Expulsion chart; and School Site Safety Plan.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in Physical Fitness, including the Physical Fitness Test chart.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through automated telephone messages, email, PTSA emails, the school marquee, the school website, social media (Twitter), the school newspaper (The Stinger), the online calendar, texting, and weekly updates bulletins. Contact any school office staff member at (805) 389-6407 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Adolfo Camarillo High School's original facilities were built in 1956; ongoing maintenance and campus improvements ensure facilities

remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Upgrades to all weather tracks
- Continuation of upgrades to classrooms

Every morning before school begins, the custodians inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Four day custodians and six evening custodians are assigned to Adolfo Camarillo High School. The day custodians are responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

Restrooms are checked frequently throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Cafeteria cleanup
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Facilities Inspection

The district's maintenance department inspects Adolfo Camarillo High School on an annual basis in accordance with Education Code §17592.72(c)(1). Adolfo Camarillo High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Thursday, June 01, 2017 - Saturday, July 01, 2017. Deficiencies noted in the school inspection

survey were corrected immediately by the district's maintenance department. During fiscal year 2017-18, all restrooms were fully functional and available for student use at the time of the inspection.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, administration and campus security officers patrol the campus, entrance areas, and designated common areas. Administration, campus security officers, and the school resource officer monitor lunch time activity in the cafeteria and common student activity areas. At the end of the day when students are dismissed, administration, campus security officers, and the school resource officer monitor student behavior and ensure students either leave campus or travel to after-school activities in a safe and orderly manner.

Adolfo Camarillo High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Adolfo Camarillo High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety

plan will be reviewed, updated, and discussed with school staff in October 2017.

Classroom Environment

Discipline & Climate for Learning

Adolfo Camarillo High School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Teaching Load

The Teaching Load Distribution table in this report illustrates the distribution of class sizes by subject area, the average class size, and the number of classes that contain 1-22 students, 23-32 students, and 33 or more students. Calculations exclude classrooms of 50 or more students.

*Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary level, this information is reported by subject area rather than grade level.

Dropouts

Adolfo Camarillo High School's teachers and administrative staff practice the early identification of and intervention on behalf of students who exhibit warning signs and/or behavioral traits that may lead to dropping out of school. Intervention strategies used to promote attendance and reduce dropout rates include parent conferences, counseling, monitoring test results and performance, review of student performance results on benchmark assessments, grade point average accumulation, CAASPP results, and after school tutoring for freshman and sophomores. Understanding that the needs of each student are different, administrators, counselors, and teaching staff continue their efforts to discover successful solutions to help students complete their high school program.

In the following Dropout & Graduation Rates table, 2015-16 data is the most current information available, since state certification/release dates for dropout data occur too late for inclusion in this report. Detailed information about dropout rates and graduation rates can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

Graduation Requirements

Students must accumulate 230 course credits, and earn a passing grade in Computer Literacy to receive a high school diploma from Adolfo Camarillo High School. Alternative methods of acquiring a diploma are available through the Continuation School, Community day school, Adult school, Condor High School (Independent Study), Pre-GED preparation program, CHSP Boot Camp, Cal-SAFE Teen Parenting Program, and Opportunity Class for those students who have been unsuccessful in a high school environment or have exhausted their opportunities to remain at Adolfo Camarillo High School. The following table illustrates the percentage of students graduating from Adolfo Camarillo High School who have met district graduation requirements.

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Adolfo Camarillo High School revolve around the California State Content Standards and Frameworks. During the 2016-17 school year, Adolfo Camarillo High School held staff development training devoted to:

- EL Strategies Training
- Common Core State Standards
- Wellness & Safety
- Advancement Via Individual Determination (AVID)

- Technology Training
- 21st Century Learning
- Positive Behavior Interventions and Supports

Decisions concerning selection of staff development activities are performed by the principal and department level teams using tools such as teacher input, state assessment results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Adolfo Camarillo High School supports ongoing professional growth throughout the year on weekly early release days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2016-17 school year, Adolfo Camarillo High School's teachers attended the following events hosted by the Oxnard Union High School District:

- Next Generation Science Standards (NGSS)
- English Language Arts (ELA)
- APEX Online Curriculum
- Office 365 Portal Training
- SIRAS Training
- iLit Training

Adolfo Camarillo High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Adolfo Camarillo High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Wednesday, September 13, 2017, the Oxnard Union High School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students.

The Board of Trustees adopted Resolution #17-25 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2017-18 school year, Oxnard Union High School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

College Preparation & Work Readiness

College Preparation Courses

Students are encouraged to take required courses if they plan on attending a four-year college or university. The adjacent table illustrates the proportion of courses taken and successfully completed in relation to the number of course enrollments (sum of total enrollment in all classes).

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admission requirements please visit the UC website at www.universityofcalifornia.edu/admissions/general.html.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are

specific high school courses; grades in specified courses, and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements, please visit the California State University Website at <http://www.calstate.edu/admission/>.

Courses for UC/CSU Admission

Workforce Preparation

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. During their freshman year, students meet with the counselor to discuss their four-year academic plan and are introduced to Adolfo Camarillo High School's technical and career education programs; the counselor meets at least twice a year with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses. Adolfo Camarillo High School offers the following programs that promote leadership, develop job-related skills, provide on-the-job experience, and increase interest in school:

- Work Experience
- Career Education Center
- Workability
- Career Pathways

Individual student assessment of work readiness skills takes place through:

- Formative & Summative Assessments
- Completion of course-required projects
- Career Assessments
- Post-graduate surveys

Work experience students are partnered with local community organizations that provide on-the-job training and mentoring for students 16 years of age or older. Work experience students receive guidance and supervision designed to ensure maximum educational benefit from part-time job placement. For more information, students should contact the counselor.

Career Education Center (CEC) courses are offered in partnership with the County Office of Education. A variety of career technical education courses are available to help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education.

Workability provides work experience opportunities outside the school day that meet the students' interests and aptitudes while providing real-world job experience prior to graduation. The program is available to all students with disabilities who have an Individualized Education Plan.

During the 2016-17 school year, Adolfo Camarillo High School offered the following career technical education programs as elective courses:

Professional Staff

Counseling & Support Staff

Adolfo Camarillo High School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Adolfo Camarillo High School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Counselors & Support Personnel (Nonteaching Professional Staff) 2016-17		
	No. of Staff	FTE
Academic Counselor	6	6.0
Campus Supervisors	7	4.6
Psychologist	2	1.0
Adaptive PE	1	0.2

Health Clerk	1	1.0
Nurse	1	1.0
School Resource Officer	1	1.0
Speech/Language/Hearing Specialist	1	1.0
Counselor-to-Student Ratio: 1:394		

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Teacher Assignment

During the 2016-17 school year, Adolfo Camarillo High School had 94 teachers who met all credential requirements in accordance with state guidelines. The chart below identifies the number of teachers at both the school and district who are 1) fully credentialed; 2) without full credentials; 3) teaching outside subject area of competence; 4) misassignments for English learners; 5) total teacher misassignments; and 6) vacant teacher positions. The term "misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.
